

Hi Jake & Wendy,

I just had to let you know how much our party of 3 cousins with husbands in tow enjoyed Friday evening at your restaurant. Such fun we had- great food and service (waitress was a sweetheart) will definitely bring us back. How good to see Jake again and to meet Marc! We were thrilled to see the view of the waterfall- just beautiful and a surprise we didn't expect, since we arrived after dark. Bill and I just can't wait to bring our children and granddaughters out for lunch or dinner when they come to visit.

You have heard me say before, I am just in awe of all you two have accomplished. It is even more special to someone who feels a connection to the past like I do!

Happy Thanksgiving to you and your family.

Cousin Rogie

To the staff at the Amis Mill Eatery,

Just wanted to take a quick minute to drop you a note to tell you how much we enjoyed eating at your restaurant this past weekend! (Saturday Evening)

It was our first time and we definitely will be back!!!

Someone my husband works with at TVA had been two or three times and recommended it, so we decided to give it a try, and we were very glad we did!

We loved the rustic coziness of the building, and the food was terrific!

We go out of our way to find small, cozy, rustic places like yours...we just loved the atmosphere!

I've already told people I work with about the Eatery and they want to come try it too!

Keep up the good job!

Can't wait to come eat again.

Debbie Cox

Today, October 30, 2010 around 11'ish out driving looking at fall leaves we arrived in Rogersville from South Greene County on the state line. Driving from downtown Rogersville we saw a sign for Amis. We did a turn around and thought let's have a look. The look was great and the food was better. A very pleasant setting, food was hot and flavorful. We sat on the porch as we were waited on by perfectly friendly staff. I looked around at all the craftsmanship not knowing the whole story. Arriving home I looked you up and now can't wait to get back to now see the history, more food, and have a better look at the grounds and the craftsmanship. I will be telling Greene County and friends about your place of great food and dine. Thank you for a positive dining experience as it is SO rare in East Tennessee. I hate wasting a good appetite on bad food, and I assure you that my palette was pleased. Keep up the great work!!

Sincerely,

Kirk Rees
